

Some take pictures. We tell stories.

We specialize in telling wedding day stories that share the emotions and passion of one of life's remarkable milestones. Individually, we are both national award-winning photographers; working together for over 20 years, we are a dynamic and enthusiastic team and we are very proud of our reputation as Jasper's premier wedding photographers. We are David Turcot and Peggy Plato and quite simply, we love what we do. We believe your wedding day story is unique and that you deserve to tell it from... *a different angle.*

Your wedding day story

told with thoughtful creativity.

Capturing wedding day photographs that are casual and deeply insightful is a challenge. Brimming with natural and unscripted emotion, these relaxed and impromptu images survive the years as often the most cherished of memory keepers. Posed portraits add to the variety of images to be displayed with pride by the special people in your lives.

A Different Angle Photography moves beyond the stagnant “line ‘em up and shoot ‘em” method of photography. We are devoted to capturing the sentiments and the emotions of the wedding day - it is important to us to reveal the couple’s love for one another.

We invite you to enjoy these photographs we've shared from Paula and Jonathan's own Wedding Story. Their archive of images that will be cherished by many for years to come, in particular, the unique shots that provide insight not only into who Paula and Jonathan are, but why they are now one.

Where we stand apart is our creativity and willingness to sprinkle the collection with glimpses into our clients' unique personalities - and by working as a team of two we aim to capture twice as many glimpses. We've been splashed when, upon saying 'I do', a bride and groom jumped into a pool. We've been mired in mud to capture bridesmaids posing in colourful rubber boots. We've shot from the middle of a street as a joyful wedding party danced their way toward us, a backdrop of traffic following. And how about leaning out of a helicopter for an aerial view of a running bridal couple? Oh yes... we've done that too! We believe that a combination of casual and classic images, peppered with creative and unusual photos will ensure that your beautiful wedding day memories, so close to your hearts that day, will forever stay strong in your minds. So, we ask you...

what will your wedding day story be?

*Telling your story.
Creating your legacy.*

We enjoy meeting our clients and discussing their nuptial plans, ideas, photography themes and desired locations so that we may bring out the joy and tenderness of their wedding story. This meeting also provides the opportunity to show our clients our portfolio of unique, imaginative and sentimental photographs; the inventive style of photography for which we are known.

As a team of two, we work simultaneously from different angles to capture distinctive moments. We are also able to shoot at two locations at once; while one photographer covers the bridal party's preparations, the other covers the groomsmen's activities, thus capturing the couple's wedding day story in full.

Wedding day photographs are among the most cherished of heirlooms.

Something deep touches us all when we see images that show the youthful intensity of our loved ones. Long after the memories of the grandest details have faded, even for family not yet born, there is a romantic nostalgia that survives generations when carefully captured and artfully preserved in a treasured photo archive.
